

All the **cooling** you want.

₱1/HR
cost-to-run

Based on an 8-hour run test
at 18°C for 1.0HP only.

UPGRADE TO THE
NEW **Carrier** AURA

AURA

Based on an 8-hour run test at 18°C for 1.0HP only.

Costs almost nothing to operate with **Energenius Inverter Technology** and **Full Direct Current Technology**.

Includes Eye Sensor that automatically **reduces energy use** when you're not in the room.

Keep the remote with you and it **cools the area where you're at** with your desired temperature.

NOTES:

- Capacity rating is based on the following standard conditions:
Indoor condition: 27 °C DB / 19 °C WB
Outdoor condition: 35 °C DB / 24 °C WB
- Product information and specifications in the brochure have been obtained under specific testing conditions and are applicable to the data publication only.
- Product information and specifications are subject to change without notice due to continuous product development and improvement.
- Concepcion-Carrier Air Conditioning Company (CCAC) does not warrant the accuracy of all product information and specifications contained herein.
- CCAC shall not be liable for any claim of error, omission, or misrepresentation in relation to the information and specifications contained herein, or for any loss or damage from reliance on such information or specification.

Enjoy 1-year warranty on parts and service, 3 years on PCB, and up to 10 years on the compressor.
